A few years ago I embarked on a project to teach my children everything I knew about investing and personal finance As you read this book you will immediately recognize it is unlike any other investment and personal finance book you have ever encountered The book gets its title Financial Tales because the financial lessons revealed are all told in the form of tales We teach through tales because throughout history our greatest teachers have taught through stores fables and parables It is a powerful way to learn because it encourages immediate positive and long lasting action In doing so we are able to relate to the stories either personally or by observation of others and thus gain practical skills My goal today is to demystify a complex topic and for you to gain access to the same investment and personal finance knowledge previously reserved for family close friends and clients I hope you share it with all those dear to you Carlos Sera author of Financial Tales These tales will also help you Develop a sustainable relationship with money Understand financial markets Manage your investments intelligently and by yourself Identify and hire expert advisors if you choose to work with one Work productively with your expert advisor Create a game winning financial team Retire intelligently and with abundance Prepare for the unexpected Learn accountability and develop good habits Pick the right college and insurance policy Overcome the biggest obstacle to investment success Learn to say no when you want to say yes
