

All I Want For Christmas

All I want for Christmas is my two front teeth,

my two front teeth, see my two front teeth

Gee, if I could only have my two front teeth,

then I could wish you "Merry Christmas."

[The Oxford Handbook of Music and Disability Studies](#) Blake Howe, Stephanie Jensen-Moulton, Neil William Lerner, Joseph Nathan Straus, 2016 Disability is a broad heterogeneous and porous identity and that diversity is reflected in the variety of bodily conditions under discussion here including autism and intellectual disability deafness blindness and mobility impairment often coupled with bodily deformity Cultural Disability Studies has from its inception been oriented toward physical and sensory disabilities and has generally been less effective in dealing with cognitive and intellectual impairments and with the sorts of emotions and behaviors that in our era are often medicalized as mental illness In that context it is notable that so many of these essays are centrally concerned with madness that broad and ever shifting cultural category There is also an impressive diversity of subject matter including YouTube videos Ghanaian drumming Cirque du Soleil piano competitions castrati medieval smoking songs and popular musicals Amid this diversity of time place style medium and topic the chapters share two core commitments 0First they are united in their theoretical and methodological connection to

Disability Studies especially its central idea that disability is a social and cultural construction Disability both shapes and is shaped by culture including musical culture Second these essays individually and collectively make the case that disability is not something at the periphery of culture and music but something central to our art and to our humanity **Expanded**
